After the amazing championship season from the football team last year they're expecting to be a powerhouse in the Big Sky Conference. After losing six Seniors from the team last year, but returning two Juniors and the addition of another (Kenny Earl) the team still has strength. The football team currently has a record of 1-2 with a loss to Crane and Hosanna Christian.

As for halloween we all have our favorites, but it all comes down to basics: Tricks and treats. There is the practical jokes and jump scares we love to watch and be a part of. Then there is the bags of candy that are everywhere. Whether you get it from trick or treating, or stealing it from your siblings, or the hand out candy bowl. Then comes the fun costumes and the costume parties. With the the fun of both Homecoming and Halloween it should be an eventful October.

Folklore from around the world

By Amy Dabulskis

Sit down, get comfortable and I will tell you a about a creature from the country of Sweden that is called.....Huldra. The Huldra is a beautiful woman who will lure married men deep into the forest where she turns her backless body away from them, blending in with the environment, disappearing and leaving the man, lost to die as punishment for being unfaithful to his wife.

Elvia Rubio and Carlos Ambriz are homecoming queen and king.

Elvia says "I was really surprised to be chosen and i'm happy I was." If she could have animal it would be an ostrich. She's excited for the theme in general.

Carlos says "I knew i was going to win." He's also glad he has the opportunity. If he could have any animal it would be a crocodile. And he's excited for the volleyball game between the high school boys.

To whom it may concern,

The leadership class has been discussing the pros and cons of the various voting styles as they relate to homecoming. Due to the concern of running out of participants in prom and homecoming courts, we have decided that it would be best to change the homecoming court so that the royalty may only consist of juniors and seniors.

The process shall start by the individual classes, (juniors and seniors), nominating three boys and three girls for consideration for the court. The staff shall then look over the nominations and decide upon one boy and one girl from each class to be on the court. Before the homecoming dance and football game, the high school students shall vote on who shall be the homecoming king and queen.

The king and queen can be from either class as the students will vote on king and queen separately, i.e. a senior queen and junior king.

Please let us know your thoughts and concerns about the new voting methods.

Sincerely,

Wyatt Stutzman
ASB President
