

Volume 5, Issue 7

Senior Edition 2016

From the Principal's Desk

By Mr. Blevins

It is with great honor that I hand our departing seniors their diplomas this Saturday morning. These sixteen seniors have accomplished so much during their time at Sherman Jr./Sr. High School, and your talents and personalities will be truly missed.

So many of you have worked so hard in the classroom to push yourselves academically, and you are an inspiration. This group has amassed a tremendous amount of college credit and many of you will begin your college experience with quite a head start that will also amount to quite the savings.

During the past year, you have collectively volunteered for over 500 hours to organizations within our community. Giving back to your community in this manner supports families, assists youth, and can beautify the community. It also strengthens your ties to the community that has given so much to you.

It has also been my privilege to get to know so many of your parents. They have been your biggest advocates and have also provided you with the inspiration and motivation we all require from time to time.

There are no guarantees in life, and life is certainly not fair. Society generally rewards those who work hard, take risks, and get back up after falling. I am confident that you all have the seeds of these characteristics planted within you. You will undoubtedly encounter difficult times, and I know that you will persevere.
